## **Birchcrest B Neighborhood Roadway Reconstruction**

December 9, 2014

Dear Resident:

The Birchcrest B Neighborhood Roadway Reconstruction project is scheduled to begin Jan. 7. The contractor Palda and Sons, Inc., is planning on starting the process of Cured In-Place Pipe (CIPP) lining of the sanitary sewer pipes. The CIPP process is a trenchless repair and as such, there will be no excavation associated with this portion of work. The contractor will access and repair pipes through existing manholes.

Affected residents will be notified in advance as you will be without sewer service for up to eight hours and will be asked not to use the shower, wash clothes or dishes and limit toilet flushing. Please watch your front door for a notice from the contractor that will have important information on the process. Crews will make every effort to finish the work quickly to limit the inconvenience.

The City of Edina and Palda & Sons, Inc. thank you for your patience and cooperation throughout the project. Please contact me if you have any questions or comments regarding this project. You can reach me at 952-826-0448 or [dnorthenscold@EdinaMN.gov](mailto:dnorthenscold@EdinaMN.gov).

Sincerely,

Derek Northenscold  
Engineering Technician
